Preaching the Word - Caring for the Brotherhood

## Thailand

10 March 2025

We are sharing the Gospel in Thailand with our many friends while working with, getting to know, and nurturing our small ecclesial family there. We are continuing with Learning Centre programming and teach not only the Bible, but also English as a Second Language, Basic Computing, and for our students who often are from underprivileged, village lifestyles, we do sessions on how to navigate life – e.g. relationships, the workplace, and their social environment. The subjects we teach are determined by the students' needs and fieldworker skills and availability.

Our workplace is now a large home in Chiang Mai not far from our Sis Ang in which we can accommodate fieldworkers and a small number of students. When we are able, we also make arrangements with our friends and take our programs to other places, for example, to Mae Sot to the south, and to Mae Hong Son Province, west of Chiang Mai. If you are able to help, now, or at any time in the future, please get in touch with us at: [thailand@acbm.org.au](mailto:thailand@acbm.org.au).

## Myanmar

Fieldworkers have not been able to visit our brothers and sisters in Myanmar since the start of 2020, first because of the COVID pandemic, and then early in 2021, as a result of the coup which triggered a civil war. Fighting continues to this day. Though there have been close calls and tense moments, all of our brothers and sisters are as safe as can be and getting on with life. But living costs have soared while employment and the economy have plummeted. Those we have managed to stay in touch with are well and continue in fellowship, breaking of bread and prayer.

Visiting interested friends in Myanmar

Please pray for the safety and well-being of our brothers and sisters and friends both in Thailand and Myanmar.
